E-LETTER

Mr. Dan Egly
Business Manager
Loyalsock Township School District
2800 Four Mile Drive
Montoursville, PA 17754

RE: High School – Safety and Health Review
Service Date: 09-May-17
Policy#: 1000000057115
Carrier: AmeriHealth Casualty

Dear Dan:

Thank you for allowing the time for me to visit with Mr. Bubbs and Mr. Leinbach on the above captioned date. I appreciate the time and courtesy they extended to me throughout our time together. This letter will confirm my visit and review the topics that we discussed.

Service Objective And Scope

The purpose of our visit to the 1801 Loyalsock Drive, Williamsport – PA location was to:

- Conduct a facility-wide (production areas, warehouse areas, and common areas) safety and health review to identify non-compliance areas relative to OSHA, NIOSH, ANSI and NFPA Standards.
- Provide a report summarizing on-site activities and findings for the above activity.

During my walkthrough, I noted some conditions or practices that warrant attention, in the interest of preventing accidental injury or loss to property. Regarding abatement of the issues identified, I would be more than willing to meet with you and the safety committee to further explain any of these findings as well as work through potential solutions.

The recommendations included in this letter were developed as a result of discussions and observed conditions noted during my visit. I have submitted it for your review and action. This report does not warrant that all hazards were identified and/or that all safety rules and regulations are addressed. Please provide me with a written response on the status of the recommendations within 45 days of your receipt of this letter. You may email your response to wfoehlinger@murrayins.com or fax it to 717.735.6943.

Thank you for your interest in occupational safety and health. I hope you and the committee members found the training interesting and informative. If I can be of any further assistance, prior to my next scheduled visit, please do not hesitate to call. I can be reached at 717.735.3052.

Sincerely,

William J. Foehlinger III

The information and suggestions provided and presented by Murray Securus during its Risk Control service and in related material is for your consideration in risk control efforts. The information and suggestions provided do not purport to identify all hazards associated with your business, nor does it guarantee that workplace accidents will be prevented. Additionally, any property inspection, reported issued, or in general, any safety or risk control techniques suggested do not warrant that such property or operations are safe or healthful, or compliant with any applicable local, state, or federal codes, laws, or regulations, and it is not intended as a substitute for a proactive safety & health program managed by your company. You are encouraged to adapt these suggestions to the specific hazards of your business and to have your legal counsel review all of your plans and company policies.
